Maria Ferdon Journal

Excerpts of items of genealogical interest from journals or memorandum books kept by Maria Ferdon of Closter, NJ. Transcribed by Pat Wardell, February 1997.

Transcriber’s Notes:
Maria Ferdon was born 25 September 1827, the daughter of John A. Ferdon and Elizabeth Nagle (Naugle). She apparently never married and lived most if not all of her life in the Closter area of Bergen County, NJ.

The children born to John A. Ferdon and Elizabeth Nagle/Naugle were:
• Magdalena Ferdon (“Lany” in the journals), born 17 July 1808; baptized 5 August 1808 at the Tappan (NY) Reformed Dutch Church; married 9 December 1826 (recorded at the Schraalenburgh Reformed Dutch Church), David Durie, son of Cornelius Durie and Margaret Brinkerhoff.
• Maria Ferdon, born 15 August 1813; baptized 15 September 1813 at the Tappan (NY) Reformed Dutch Church. She died young
• Barent Ferdon (“Barney” in the journals), born 7 November 1822; baptized 11 December 1822 at the Tappan (NY) Reformed Dutch Church; married 4 January 1853 Elsie Ermina Verveelen.
• Maria Ferdon, born 25 September 1827. She did not marry.

Throughout her adult life Maria Ferdon kept journals which contain some narrative description of her trips, visits to family, friends and neighbors, real estate transactions, noteworthy events in her life, and other activities, but which are, for the most part, listings of births, marriages, and deaths of people who lived in the vicinity. This transcription focuses mainly on the items of genealogical interest, although some non-genealogical entries have been retained in this transcription because they add insights into daily life at the time the journals were written.

The Bergen County Historical Society has, in its collection, six of these journals, covering the time period of July 1863 to October 1891. Judging from the numbers Miss Ferdon assigned to the books there were very likely others that preceded these.

Maria Ferdon used bound “blank books” by writing in them first chronologically
from front to back on the right hand blank pages until the end of the bound book, then chronologically from back to front on the left hand pages. Thus, when the books are read in a normal fashion, the dates appear out of sequence. For this transcription, the dates have been arranged in sequential, chronological order. Miss Ferdon’s separation of dates into categories of births, marriages, and deaths, has been retained.

This transcription was made from Xeroxed copies of pages from the 6 original journal/memorandum Books owned by the Bergen County Historical Society. Questionable interpretations of handwriting are in square brackets as are any explanatory interpolations by the transcriber. Any words, phrases, numbers, etc. in parentheses are Maria Ferdon’s own remarks in parentheses. Unusual or remarkable dates, comments, spellings have been underlined to alert the reader that these are as they appear in the journals, and not a typographical error in the transcription.

Original spellings have been retained. The reader should be aware of some of Miss Ferdon’s orthographic eccentricities in order to keep an open mind while reading the transcription. She formed the capital letters “I” and “J” so similarly that especially when they appear alone, as initials, for instance, it is impossible to differentiate. Likewise for capital letters “H” and “K.” She often formed the lower case “a” by leaving it open at the top, which can cause the reader to interpret it as a “u.”

In several instances a number in brackets has been interpolated by a different, apparently later, hand (i.e. [#1237]). These are probably identification numbers from a family genealogy (perhaps Demarest) added at a later date. Because they are obviously not part of the original journal, they have been omitted from this transcription.

Sep 13th Chester Maugham aged 4 yrs Lizzie Voorhis aged 22y
Miss Lizzie Butter ag 20, Abram J. Demarest, Mr Yerrington from Cresskill were
all drowned in the Hudson near Hastings. they were sailing for pleasure, the boat
sank, old boat the cause. The Father of the boy was saved, Miss Butter was picked
up breathing but died immediately. The rest have all been found and buried. A
great comfort to their parents to know where they are burried.
